"...The Home of Dynamic Recurring Incomes and the "Money-Making-Money" Buddy System for Creating Enlightened Wealth - that Gets Your Money Working For You - So You Don't Have To!..."

Why The \$5 Poverty Cure works so well...

It follows the five Critical Rules to Investing Small Amounts Successfully.

1. *Follow a proven system:* It's part of a **proven system**. The research has been done and this investment has a proven track record of over six years of successful operation, by experienced and committed business owners.
2. *Know your limit:* It's a small amount that **anyone can afford**. At just \$5 per month, this is the easiest entry into investing small amounts to put your money to work that you will find anywhere. Most people will hardly miss the monthly commitment, if at all.
3. *Do your due diligence:* It utilises an **established business that pays on time, every time**. GreenWiz, "the \$5 Poverty Cure" is renowned for paying its members every month, right from the time their profits reach the \$2.50 mark.
4. *Reinvest and diversify:* Profits are paid every month, making them **available for reinvestment**. Because your profits are paid even when they are very small, this means you can easily direct them into your next investment, with no further cash outlay from your own pocket. Which means, from that point on, your next investments are virtually "free."
5. *Align for strength:* Combine all this with the **Money Buddy Alliance** investment alliance, which is in turn part of the InVeStworks network - and you get ongoing strength and security with large numbers of like-minded individuals. In fact, the majority of Investors in this program choose the annual or six-monthly payment option. What this means to you is the added stability of ongoing commitment by your alliance Buddies.

Exciting Pre-Launch Announcement!

What's the difference between a Business and an Investment?

A Business makes money by putting *people* to work; an Investment makes money by putting *money* to work.

Introducing...

Income Incubator... Powered by **The \$5 Poverty Cure**

Income Incubator has been formulated and designed *specifically to create leverage* to allow everyday people everywhere - even broke ones! - to participate in all seven Money Buddy Alliance Stage One investment vehicles - \$175 worth of monthly subscriptions, capable of growing incomes to several thousands per month - for no more than \$20 per month!

The \$5 Poverty is the first step in its implementation, and, starting at just \$5 per month means this program is available to the people who need it most - those who have little cash to spare, yet are seriously wanting to get ahead.

We hope this will excite you as much as it does us...

Because it means putting *less* of your money to work, yet Income Incubator will be growing *more*, and faster... and by reinvesting those profits you can turbo-charge your ROI as never before. These 7 income streams will bring you *thousands*, in time...

Consider it the Key Cog in your money leveraging machine. First you get it set up and turning...

Here's how it works:

Income Incubator is a very small 2x4 matrix of only 30 positions.

It's designed to fill quickly; and pay even more quickly, to build your MBA investments faster than ever... AND pay for itself as it does so.

... More about this later, because it is not ready for release yet; we just want you to know that it is coming - we are hoping around New Year or sooner.

Meanwhile... back at the ranch, we have a little Money Tree "seedling" to plant to get a head start on Income Incubator. It's what we affectionately call

"The \$5 Poverty Cure"

There's a lovely little "Money Tree" program called GreenWiz, which is a 3x7 Forced Matrix with the potential to return over \$1,900 per month, when filled. Not bad for an investment of \$5 per month! All it takes is time...

In fact, you need never move beyond this one \$5 per month investment position, if you don't want to. Yet there is a lot more on offer.

Simply go here to access **your FREE 10-day trial**.

<http://www.greenwiz.com/members/moneybuddies>

This is a nice "quiet little earner" and you can easily see it is not an aggressive "in your face" site that is going to abuse your email address or hound you with up sells, down sells, side sells, one time offers, or anything else they can find to shove at you... No. You will not be pestered.

The only time I ever hear from GreenWiz is once a month when they let me know they have paid my commissions, again. ☺ I like that!

AND - of course - it is entirely optional. You are free to choose to participate.

If you do nothing, your trial "seedling" will self-destruct after 10 days.

However, your seedling - *should you choose to accept it* - has a three-wide matrix, which goes deep to seven levels.

At a mere \$6 per month (You will see GreenWiz is actually only \$5, but AlertPay will charge \$1 as well), it is accessible for people on the tightest of budgets; and makes getting ahead that much easier for the people in our lives whom we wish to help in this way.

This is one of the principal reasons why we are recommending this program as our \$5 Poverty Cure. It's a tiny payment, and if \$5 per month is too fiddly for you to bother with, you can choose to pay \$15 quarterly, \$30 half-yearly, or \$60 per year. So easy - just take your pick - and pay.

Money Buddy Alliance supports a number of projects through GreenWiz, including Empowered Fundraising - so if you decide to join, you will automatically be helping to provide needed funds for several projects. This means you do not have to donate, and they do not have to ask for donations. Very empowering!

Later... What this means for *YOU* is, of course, that when Income Incubator is released, **you will already have a head start** in the first program that all new members will be channelled directly into. So the first few levels will already be filled and you can be in profit before it even starts, because all new members after launch will be coming in after you.

As this filling of the matrix progresses, it will fund you into the new second program automatically, so it will cost you *nothing* out of pocket to slot that one into place as well. Again, IF you choose to accept it.

See, I told you we made it easy...

After that, we get to the place where the next income stream is self funded as well; then the next, and then the next, as you are progressively adding more investment programs till all seven are in place - all 100% funded by Income Incubator on just \$20 per month. Starting with the \$5 Poverty Cure - IF you choose to reinvest your early profits before they're big enough to spend. It's up to you...

And don't worry - we will let you know exactly when it is time to add your next income stream, without it costing you a cent more, so you will easily move step-by-step from one to the next.

"...The Home of Dynamic Recurring Incomes and the "Money-Making-Money" Buddy System for Creating Enlightened Wealth - that Gets Your Money Working For You - So You Don't Have To!..."

Now this is where you will really see the *power-leveraging* of the Income Incubator start to kick in!

Like following *stepping-stones to success*, this is a pathway, rather than a single spot ...Because as people progressively move into all seven income streams behind you, and as they in turn have 30 members after them, your Dynamic Recurring income will be in the vicinity of \$700 per month, and counting... till it grows into literally thousands being paid direct to you each month, regular as clockwork.

All from putting just \$5 a month to work for you, and reinvesting the initial returns. The word for this is Leverage.

So. GreenWiz is an online gardening club; but hey, even if you are not into gardening... it *IS* nice to have roses that you can take the time to smell.

As Suzanne Kincaid says - it is more about the investment than the actual product. Just as you could buy Starbucks shares as a good investment, when personally, you prefer to drink tea.

In these economic times, more than ever, it behoves us to take steps to secure our financial futures... and those of our loved ones, as we help others to do the same.

And the best way to do that is by putting your money to work! Leaving you free to do the things that matter most to you.

There is a Money Tree "seedling," waiting for you. You'll find it here:
